About the Event

Join us in watching Timothy paint live, ask him questions, and learn more about his technique and style in lecture format. Enjoy a day of learning and observation with fellow watercolor enthusiasts, no supplies needed.

In this demo, Timothy will address two major painting ideas that have been the hallmark of his work for over fifty years. First, he will clearly show the process he most often uses to represent form using light and color. Then, he will demonstrate how he uses atmosphere and the drama of values and placement to create moving paintings that go beyond the ordinary.
